Kreative Kids After School Program

Jennie Taul - Coordinator

Kreative Kids is an after school art program for children aged 4-8

This program has been created to provide a creative environment with the focus on simple, yet rewarding activities that the children will be excited to share at home and recreate with mom and dad. Once a week we will "Think Green" concentrating on teaching our children what we can do to keep our earth clean and safe. We will have kids yoga once a week to help our children work on focus and concentration. A snack will be provided as well as a little time to work on homework if needed. Every Friday we will have face painting and time to tie up any loose ends on any projects that were not completed during the week.
